

ADITYA SONI

ASPIRING SOFTWARE DEVELOPMENT INTERN

PROFESSIONAL SUMMARY

Motivated first-year B.Tech Computer Science Engineering student with a strong foundation in C programming, HTML/CSS, and version control using Git/GitHub. Hands-on experience leveraging AI tools to accelerate learning and development workflows. Built and deployed a personal portfolio website and a web application project independently, demonstrating initiative, quick learning ability, and a genuine interest in software development. Eager to contribute to a team as a Software Development Intern while growing technical skills in a real-world environment.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science & Engineering (Core)
JECRC University | Batch of 2026–2030 | Currently in 1st Semester

Senior Secondary Education (Class XII) — CBSE Board
Percentage: 78%

PROJECTS

Personal Portfolio Website

- Designed and developed a personal portfolio website to showcase skills, projects, and contact information
- Built using HTML/CSS and deployed live via Vercel
- Live link: portfolio-five-zeta-uhe7qqcuri.vercel.app

Web Application Project

- Developed a web-based application applying core HTML/CSS concepts and structured programming logic
- Used Git/GitHub for version control and iterative development
- Leveraged AI-assisted tools to debug code, optimize logic, and speed up development

CERTIFICATIONS

In progress — actively pursuing beginner-level certifications in web development and version control to strengthen practical skills.

ACHIEVEMENTS

- Independently conceptualized, built, and deployed a live personal portfolio website within the first semester of engineering
- Proactively adopted Git/GitHub and AI-assisted development tools to build practical skills beyond the core curriculum

Portfolio Website

TECHNICAL SKILLS

- C (fundamentals)
- Basic understanding of Data Structures
- HTML5
- CSS3 (responsive layout basics)
- Git & GitHub (repositories, commits, branching, push/pull)
- VS Code
- AI-assisted dev tools (ChatGPT, Claude, GitHub Copilot)
- Deploying static/web projects on Vercel
- MS Office (Word, Excel, PowerPoint)
- Problem-solving
- Quick self-learner

HOBBIES & INTERESTS

- Exploring diverse cinema genres and analyzing storytelling styles
- Studying real-life business case studies
- Solo travelling
